

Robot God / Hybrid Brain: Mind Bending Short Fiction

Mind Bending Short Fiction: -A robot-god experiences time backwards and proselytizes the universe in reverse. -A magical dog writes mind-destroying fiction. -A man obsessed with numbers discovers a stream of data from the stars. -A genetic experiment falls in love with works of art and tries to make love to them. -Three mysterious figures join together for mutual success... or mutual destruction. -A brave man travels through a world of perpetual war. Tales of psychedelic horror, bravery, solidarity, and insanity. Characters who travel to the fringe of experience and dangle you over the edge. Will they pull you back in? Or let you fall... ?
