

## Crafts with Kids: Over 40 Fun and Fabulous Projects

Parents can start their children on a lifetime of creativity with the engaging activities and commonsense guidance provided here. Each of the more than 40 projects features color photographs and tips for getting great results, even with young children. Many use found materials, including flowers and leaves, as well as recycled objects. Kids will enjoy making finger puppets, greeting cards, a colorful rocket, and even juggling balls that help develop hand-eye coordination. Whats more, this ideal rainy day book offers advice for harnessing play to both spur imagination and improve basic artistic skills.
