

A Path Chosen or a Chosen Path?

Meet Robert, Deedra, Rose, Henry, and Karen who are living in a life of uncertainty wanting no one to know that their mother is an alcoholic and their father and/or step-father is molesting children. There is no one out there to help you! You will see that anyone can survive no matter what circumstances you are faced with. Such as sitting in the restroom with your mother holding a sawed-off shotgun waiting for your father to come home so she can kill him or being raped and threatened by a man with a knife at your throat isn't stressful enough. And that is just part of the story. Much more can lead from this but we are not going to let that happen!
