

Wizard Trouble (The Adventures of Zephron)

Normally a powerful wizard would help a great dragon slayer to defeat a powerful mean dragon. Right. Normally? Well this is not a normally kind of story. This is the story of a dragon on a personal quest to find a wizard or witch powerful enough to remove a spell that has been placed on him.

With his brother at his side, he explored lands neither of them had been to before. They discover hidden witches and wizards who were very grumpy. They stumble upon an entire convention filled with wizards and witches. All of them view Zephron and his brother Mybar as easy targets for their magic. Do they survive? Well remember I mentioned this is not a normally kind of story. It is the second adventure of Zephron and hes got Wizard Troubles. I hope you enjoy it.
