

Demon Gates: Book 1 of the Nexus Wars Saga

When in the city of the ancient ones, those from the endless darkness shall step through the flaming gate, HE shall come, from the shadows of the Dragons Wing, bearing the Eye and Horn of the Dragon. The land will sing with his passing and they will know fear that oppose him, for he is the Lord of the skies and protector of the Realm.

The Childs Prophecy. T.E. 2147 The land of KilTar has a long and bloody history of war between the Kaytaari and the Asharan. Aided by Dragonkind, the Kaytaari have protected the world against the Asharan and their demonic followers for many centuries. With demonkind banished to the Voids, and the Asharan all but destroyed, KilTar has enjoyed an era of peace. However, the seals binding the portals to the voids are failing, and the Asharan are abroad once again. Both the Kaytaari and Dragonkind are nowhere to be found on KilTar. Can Valdieron, a young man raised in the small village of Shadowvale, fulfill his destiny and rid the lands of this menace once and for all, or will he falter, and condemn KilTar to demonic destruction? Demon Gates is a finely crafted tale of sufficient quality to place right alongside those of its peers....

SFBook.com The fighting scenes are written in a way that reminds me of R. A. Salvatore with the detail and complexity of the melee battles....
