

Honesty: A Study of the Causes and Treatment of Dishonesty Among Children (Classic Reprint)

Excerpt from *Honesty: A Study of the Causes and Treatment of Dishonesty Among Children*. The author of this volume has had exceptional opportunities to investigate the subjects discussed herein. As Director of the Juvenile Psychopathic Institute in Chicago for a number of years, he has dealt with many young people charged with dishonesty and brought before him for diagnosis and recommendations. In his study of these cases, he has employed methods of examination which have enabled him to detect causes of misconduct that could not have been revealed by superficial observation, and especially not by the usual method of mere theorizing. Doctor Healy's position requires that he should serve as adviser to the Judge of the Juvenile Court of Chicago, which responsibility makes it imperative that he should attempt to discover and evaluate accurately all the circumstances and backgrounds of the cases of delinquency brought before him. In the same careful way he outlines methods of treatment which will be adapted to each individual offender. The present volume is the outgrowth of this first-hand experience in dealing with the causes and the cures of stealing. The reader of *Honesty* will observe in the first place that, contrary to the popular view, the factors which may lead a child to take what does not belong to him are often very subtle and complex. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do,

however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
