

# Transcendental meditation

Formerly titled: The Science of Being and the Art of Living This book combines the practical wisdom found in the Vedic Rishis of ancient India and the scientific thinking of the present day western world. Maharishi's methods of self-exploration, called Transcendental Meditation, include a series of physical and spiritual exercises which anyone can learn, and which can lead to a dynamic regeneration of the self. Here is a way to joy, serenity and peace, followed by more and more people across the world... ...(Learn more inside the book)
