

Terraguard - Book One - Maker of Rules (Earth and the Cosmic Scheme of Things: The Chronicles of The Terraguard 1)

Earth and the Cosmic Scheme of Things: A small group of Earthlings in the near (perhaps alternate) future protect an unknowing human population from invasion using their highly advanced tech and superpowers. When they're betrayed from within, the survivors must figure out not only by whom, but why, in the face of the invasion they were sworn to prevent. Things get tricky when they start to discover that they are being guided (or perhaps manipulated) by immensely powerful cosmic forces, and they begin to suspect that they're the cornerstone of an immense cosmic conspiracy. Book One: Maker of Rules begins on Earth with the awakening of Eastwood, a mysterious coma patient, who is befriended by a beautiful but mysterious stranger, Jack, a celebrity who provokes extreme but diverse reactions as she attempts to help Eastwood find the source of his mysterious powers... while in space, there are shifts in the ranks of The Terraguard as a new invasion of Earth is hatched. Pursued by bounty hunters and attacked by covert enemy agents, can Jack help Eastwood to recall the truth about his mysterious origins in time to save Earth? Can Mark Maker, new leader of the Terraguard, uncover the terrible truth at the heart of Earth's only guardians? And what is the shocking connection between them all? By the time they realize the truth, nothing will be the same and Eastwood and Jack must face a personal sacrifice that will alter their relationship forever.
