

## Masters of the Universe #1 Cover A

In a realm where sorcery meets science, The Masters of the Universe set forth to protect all of Eternia from the evil onslaught of Skeletor and his evil forces. Its an epic tale of good versus evil, where there is new danger and suspense at every turn. The story we all loved from the 80s is reborn and re-launched for a new era. This Issue: The heroic Masters wage a new battle against Skeletors sinister plot to take Grayskull for his own. But a terrible mishap produces unforeseen results. What happens next will shock everyone across the face of Eternia. This first issue to the regular series sets the stage for something that no Master ever dreamed they would face.
