With Renz gone and no one to command the Payohlini army, Zola assumed everything would go back to normal. Well, as normal as life could be for someone like her. The war should be over and her planet and people should be safe. Having accomplished what she set out to dogetting revenge for her familys murder, she even dares to dream of days spent as a normal girl, of dates with Pin without them looking over their shoulders for flying swords. No more hiding, but living the kind of life she always thought shed have. With new responsibilities come new problems, thoughas well as a Flash from her past that she didnt see coming. One that threatens to change everything. Zola thought she had nothing else to lose. Unfortunately, shes about to get a galactic awakening. No one ever said being a princess would be easy.
