

The Perfect Host

The fifth of ten volumes that will reprint all Sturgeons short fiction contains fifteen classics and two previously unpublished stories, including Quietly. The Perfect Host provides enough of a representative sampling of Sturgeons greatest hits to give the uninitiated a good sense of what all the fuss was about way back when. At the same time, it offers a generous selection of alternate takes and rarities, notably several of Sturgeons best forays into other forms of genre writing, plus previously unreleased cuts and liner notes.
