

Ubros - The Odyssey Continues: An Androids Continuing Journey Through The Cosmos On A Mission From God (The Ubros Odyssey Book 2)

Ubros has been to Earth and prepared it for the generations of humans to come. The planet had been cleansed by a huge asteroid sent to Earth by the alien. Now, humans are evolving at a pace not naturally intended, but helped by Ubros. Their intelligence and physical characteristics had been improved by a sophisticated transition process. He, along with another alien, a female he saved from a faraway world after it was invaded by a hostile force, are now leaving Earth. Ubros mission is to find and punish the alien invaders who had planned to make Earth their own. He had previously destroyed the fleet sent to invade Earth, but in the process lost one of his valued crew. Ubros is determined to find and bring the ones who sent the killer invaders to justice. He must return to Earth for the coming of the promised savior; he had been told he must be present when he is born. The coming had been foretold millions of years before. Ubros is not merciful, or forgiving; he will not tolerate incursions on Earth. He is continuously tested by those who consider the planet to be a place they can inhabit or destroy. He relishes the challenges.
