

Wormwood Dawn: Episode V: An Apocalyptic Serial

As Dan and Drew flee the chaos of the big city and head south, their road will take them to a small town with a horrifying secret. There, they encounter another survivor held prisoner by the townsfolk, and must fight their way out. Along the way, a shocking truth is revealed, leading them to believe that the mutant horrors were only the beginning. Those who perished in the initial infection begin to rise from the dead. New creatures are among them that are even more terrifying than before. Their new companion, an ex-military specialist, leads them to a nearby camp where a small group of survivors have gathered for mutual safety. But is it as safe as its residents believe? Will the two of them fit in?
